

"Young Ideas", the challenge of sustainability in the finals Hungary 6 schools badged Bg

Competition. The epilogue of 12th edition of the event aimed to European institutions will be held in Kaposvar on 27 and 28 April. The boys participate with works divided into four thematic areas

COOKED SERGIO

There is a fragile world to save, and to the younger generations as the burden of occupation. It is a theme that a delicate challenge that the association Giovani Ideas does not have confine the development sustainable the planet, decided to take and on which he made to reflect and dialogue for an entire year students half of Europe. It will close in ten **BUSINESS DAYS in Hungary 12th edition** of the homonymous international competition aimed at young DEL high school, organized DAL the Bergamo association; Mascheroni yesterday at the scientific high school started the countdown to the final of Kaposvar, where the 27 and 28 April will gather 250 students from six European countries. Departing from our province a represented the bergamasche schools who took part in the competition and that you are qualified for the finals cate (in addition to Mascheroni high school, there will be the boys of St. Alexander of Bergamo and Lussana, PART IN THE IISS Maironi from Ponte di pre sezzo, dell'IIS Turoldo di Zogno and dell'Engim of Valbrembo). Of the 44 papers presented by Italian schools, Poland, Spagna, Hungary, Albania and Latvia, the international jury coordinate by Gigi Corsetti has

24 selected: the best will be rewarded on which they will be unveiled contestual- mind the award April 28 at the Teatro center of Kaposvar, the winners and the issue of 13th edition of the competition, which will start in autumn. The works have been divided into four areas, in SEconda from the chosen language students to develop you- it: journalism, audiovisual, web and theatrical. "It was not an easy job - admitted Corsetti - we evaluated not only technical skills, but also the quality of the participation."

Of bergamasca delegation in Hungary will be part, among others, also the Presidents of the Province and Uniacque, Matthew Rossi and Paolo Franco, who Han- not supported the initiative: "The environmental sustainability of you- but this is one of the biggest challenges in the hands of new generations

- said Matthew Rossi -. Giovan rooms Ideas aims to make people think the boys through rielaboration of thoughts and ideas. And Sen z'altro the initiative that brings the greatest number of students from Bergamo in Europe and vice versa, sowing hope, PA- there and new relationships. "The theme of water is central to qualsiasi- you idea of sustainable development, hence the collaboration with Uniacque: "Projects like que-

THE PROJECT

"With you", home support

Dr. Teresa Falgari (Falanga and not as erroneously wrote in yesterday) is the coordinator of the project "With you", a project of integrated assistance that sees united doctors of general medicine and the Red Cross, he started a year ago by a ' idea of Emilia Strologo with the Soroptimist assists and Ats Bergamo. Volunteers follow the elders visiting them at home, have family physicians to choose between their patients those suitable to be included in the project.

ALPINE YARD

"The Street food is back at the center"

Great success for the event devoted to street food, which over the weekend has attracted many people to Piazzale Alpini. "Aided by the good weather, people have filled the tables

- said Giulio Zambelli, president of Confesercenti Promotions - confirming the fact that quality events can help to liven up the area, removing it from the situation of abandonment that is often the victim. "The Street food - continues Zambelli" sews "the square in the center of Bergamo, restoring a role in the city's social life. Confesercenti is one of the few people to believe strongly in the potential of the area: that's why we will continue to invest resources and energy in the future for its revival."

Dote School, a counter to fill out applications

In Piazza Cavour 1

The City offers arrange for staff to help families. Contributions to 25,000 Euros

Arriva, for the fourth year, "Dote the small municipal school", the City initiative, in collaboration with the tions Four- training institutes, Azza-

nelli Cedrelli Celati and Mia, re- turn to the many families for the purchase of scholastic books There. The Dote School of City plans contributions between 50 and 150 Euros assigned on the basis of annually school fre- quentata by the student.

From the second half of Mag- gio, therefore, the administration will be able to con- firm the budget Please proceed

re the allocation of con- tributes: 25 000 EUR, exactly like last year, when beneficiaries were

360, while in the two years pre- ceding the had- no funding reached a total of 700 ago- miles. "The project - said the Minister of Education Redana Lo-Poly - continues to be directed specifically to the economic gno soste- to purchase

the only textbooks. It is a direct support all'acqui- m books and follows the same practice mode that has already been applied for primary school children: families will convenzionate in libraries, will present themselves with the voucher on behalf of son which it shall have the dowry and there the employee can also occur directly in the computerized system zato because it is up to each student syn- angle. "The municipal initiative joins the one proposed by the Region that, from yesterday until June 18, once again for the same population of recent years financial support pro-

prio for the purchase of textbooks. But this year the region has made several changes in the accreditation procedures and ac- compilazio- we demand that the Council administration do secondary town, could Si gnificare further difficulties for citizens; that is why the municipality will put at the disposal of all a flap compilazio- to help them, not only for the Dote School district but also for the region. The door is located in Piazza Cavour 1 and is open from 9 to 12, from Monday to VE- nerdi. "Despite the short stance so collaborative

Lombardia Region that does not involve, does not inform or support the municipalities on biamenti Cam-introduced, Mo- detailed rules on assistance, on the functioning of the regional portal - concludes Poli - the Municipality decides to make disposizio- it to those who can not compila- King the question to only pro prie human resources and organizational nisional employed in Fonds Capital Municipal School Dote '. "Educating relations against femicide"

At Galli

Meeting of students with the magistrate Benito Melchionna and Senator Alessandra Gallone

Guido Gal- Institute of Bergamo them yesterday the magistrate Benito Melchionna and Alessandra Gallone senatri- we have in- contrato students of the fifth class to talk about femmini- God, the presence of the head teacher and Antonella Russo Leonardo Giannellini dell' Official what local school.

"The idea of the meeting - explains Maria Pignataro, lecturer and all rights which organized the been to no avail- stems from the fact that often, especially in the three years, we teachers try to offer reflections on the subject. The school is first of all to education and we un'azien- we wondered if, beyond the phenomenon of less numbers, you could not talk more penalties and above all we wondered how we can educate children to 'affectivity". So Melchionna magistrate intervened, explaining that in the Criminal Code there is no paro-

the femicide but there are re-ati against the person, he has explanation to the boys the rules and in particular international ones, co- me to the Istanbul Convention. "Both speakers - continues the professor - have to engage children in EF facts have spoken and have given their views on how vivo- no relations and no affrontas as the abandonment of a pair; on how the company have changed these reports, eliminating the courtship (if not the virtual one). The boys felt very participates. "A sensationalism

The meeting at the Institute Guido Galli

He also confirmed by sena- smoke Alessandra Gallone, who told that from the legislative point of view it is done and should be done. "I was pleased - he explains Gallone - feel the guys say that women do not touch cano, see them reflect on their relationships and on the importance of communication with your partner. It was nice comparing tarsiers freely, reiterate the importance of dialogue. Through these times, students can develop a critical consciousness."
